**May 2011**

### *Message from our Club Captain:*

Winter is finally over YEAH!!! It's time to golf. I wish to welcome back previous members and a great big welcome to any new members.

We have a small change to our Ladies Day, we will be introducing a three month team event to our regular Ladies Day events. As a Ladies Club member you will be assigned a specific color, this color determines what team you are on. Each week points will be awarded to players that win hole prizes, the game of the week, or even for just turning up to play (details are still to be decided). A tracking board will be displayed in the locker room for all to see how their team is doing. The tracking board will display team members names, but the weekly points earned will be anonymous. The hope is that more ladies will participate in the weekly ladies day to support their team. Teams will be randomly picked, this event will run June, July & August only. We hope to be able to award a small prize to each winning team member.

One other new addition is an inter-club competition with Quesnel and 108, dates and details for this event are still up in the air, I can tell you that it will be one day for three weeks, for example:

Thursday July 7 <sup>th</sup>	Quesnel
Thursday July 14 <sup>th</sup>	108
Wednesday July 21 <sup>st</sup>	Williams Lake

It will be a 18 hole net match play competition. I will be putting up an interest list on our bulletin board for all who are interested to sign up. It will depend on how many sign up as whether we have to play a qualifying round. Details are still to be finalized with Quesnel and 108.

Preparation for the Two Lady Classic scheduled for June 24, 25 & 26 is well on its way, a small increase of \$20 in entry fee is to accommodate the rising cost of putting on a tournament like this. We feel it is still a good bang for your buck and we encourage everyone to come have some fun and play a little golf on the side.

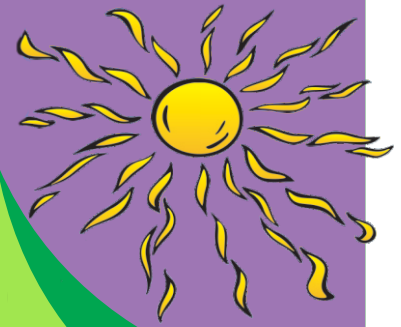

As you may have noticed in the fixture sheet Club Championships are in July this year, my hope is that the weather will be a little kinder to us, so more players will attend.

## *Golf Tip from the Pro:*

### **How To Hit The Basic Sand Shot** **Get into a good setup, and turn to the finish**

By Peter Stellato,  
CPGA Head Golf Professional,  
Williams Lake Golf & Tennis Club

Tour players don't fear bunker shots the way most amateurs do, but only a handful of the pros get up and down from the sand more than 60 percent of the time. What's the lesson in this? Learn the basics so you don't fear the sand, and adjust your expectations. Make sure you get out of the bunker and give yourself a chance at a one-putt, but for the most part be satisfied with getting down in three.

To get out safely, open the club face so the club can bounce off the sand instead of dig. You want to hit behind the ball to splash it out on a patch of sand, so play the ball forward in your stance, up by your left foot. The big key during the swing is to follow through, and turn your body to the target.

Most amateurs swing the club into the sand, and when they feel the resistance, they quit on the shot. Plus, they're fearful, so they tend to lock their bodies in place and just wave at the ball with their arms. Commit to turning to a full finish, and you'll get the ball out every time.

Make sure to keep your body turning through the shot so your chest is facing the target at the finish.

# Ladies Day

## CONGRATULATIONS

Congratulations to our 2010 Pin Round winners:

9 hole: Sharon Duffin (winner), Marlene Anderson (runner up)

18 hole: Joyce Johnson (winner), Deanna Linstead (runner up)

## WELCOME NEW EXECUTIVE MEMBERS

Co- Captain - Lisa Kerley

Match - Darcie Wright
